Martin County

Thanks for asking me

Another highlight of my week was the 2012 Environmental Stewardship Awards Ceremony for Keep Martin Beautiful. Piper's Landing Yacht & Country Club was packed with some of the county's best-known folks, enjoying the spirit shown by the projects, programs and studies entered. I was a judge of the Government Agency nominees and the Youth/School Program nominees, and thoroughly enjoyed this "task." It was very difficult to pick a winner and inspiring to learn how many are committed to improving our environment. Thanks to Jessica Layne, KMB Outreach Coordinator from The Firefly Group for offering me the honor of judging.
